Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on IELTS Overview & Diagnostic.

Session 2. Listening

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Listening.

Session 3. Reading

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Reading.

Session 4. Writing Task 1

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Writing Task 1.

Session 5. Writing Task 2

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Writing Task 2.

Session 6. Speaking Part 1

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Speaking Part 1.

Session 7. Speaking Part 2

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Speaking Part 2.

Session 8. Speaking Part 3

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Speaking Part 3.

Session 9. Mock Test

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Mock Test.

Session 10. Personal Feedback

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Personal Feedback.

IELTS Grammar Class (10 Sessions)

Session 1. Sentence Structure

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Sentence Structure.

Session 2. IELTS Tenses

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on IELTS Tenses.

Session 3. Subject-Verb Agreement

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Subject-Verb Agreement.

Session 4. Complex Sentences

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Complex Sentences.

Session 5. Modals & Conditionals

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Modals & Conditionals.

Session 6. Passive Voice

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Passive Voice.

Session 7. Articles & Prepositions

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Articles & Prepositions.

Session 8. Linking Devices

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Linking Devices.

Session 9. Common Grammar Errors

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Common Grammar Errors.

Session 10. Review

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Review.

Writing & Speaking Class (15 Sessions)

Session 1. Band Descriptors

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Band Descriptors.

Session 2. Task 1

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Task 1.

Session 3. Task 1 Practice

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Task 1 Practice.

Session 4. Task 2

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Task 2.

Session 5. Task 2 Development

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Task 2 Development.

Session 6. Grammar & Vocabulary

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Grammar & Vocabulary.

Session 7. Speaking Part 1

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Speaking Part 1.

Session 8. Part 2

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Part 2.

Session 9. Part 3

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Part 3.

Session 10. Pronunciation

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Pronunciation.

Session 11. Vocabulary

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Vocabulary.

Session 12. Writing Workshop

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Writing Workshop.

Session 13. Speaking Mock

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Speaking Mock.

Session 14. Writing Mock

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Writing Mock.

Session 15. Final Evaluation

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Final Evaluation.

Bundle: Writing + Speaking + Grammar (25 Sessions)

Session 1. Session 1

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 1.

Session 2. Session 2

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 2.

Session 3. Session 3

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 3.

Session 4. Session 4

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 4.

Session 5. Session 5

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 5.

Session 6. Session 6

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 6.

Session 7. Session 7

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 7.

Session 8. Session 8

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 8.

Session 9. Session 9

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 9.

Session 10. Session 10

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 10.

Session 11. Session 11

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 11.

Session 12. Session 12

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 12.

Session 13. Session 13

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 13.

Session 14. Session 14

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 14.

Session 15. Session 15

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 15.

Session 16. Session 16

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 16.

Session 17. Session 17

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 17.

Session 18. Session 18

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 18.

Session 19. Session 19

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 19.

Session 20. Session 20

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 20.

Session 21. Session 21

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 21.

Session 22. Session 22

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 22.

Session 23. Session 23

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 23.

Session 24. Session 24

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 24.

Session 25. Session 25

Objective: Develop the skills required for this topic and apply them through guided practice and tutor feedback.

Materials: Core concepts, guided exercises, practical activities, homework, and review focused on Session 25.
